

On Wednesday, August 15, The Denmark Middle School FFA members helped set up activities, organized the layout and assembled displays at the Brown County Fair Ag Venture Tent sponsored by Brown County Dairy Promotions. After it was set up and FFA members oversaw the activities including: matching cards, milk carton races, building a broken livestock fence, and a whole bunch of fun activities. We also partook in the inaugural coloring of the coloring wall. It was enjoyable teaching youth about agriculture. Members participating included Connor Schultz, Jack Thompson, Erin Van Pay, Emma Phillips Danica Nowak and myself.
