

Hello, my name is James Grasee and I am serving for a third time on the Denmark FFA Alumni Board. I grew up on a dairy farm in Lark and graduated from Denmark in 1987. I was an FFA officer in high school and was lucky enough to be an exchange student through the Work Experience Abroad program where I lived and worked on a farm in Holland. After high school, I spent time in the Air Force and graduated from UWGB. For the past 18 years, I have been a financial advisor with Edward Jones Investments in Bellevue. I have two grown sons and I live in DePere with the best ag teacher I know who just happens to be my wife, Mary Handrich.
