

Hello! My name is Karen Schultz and I am excited to be a board member with the top Alumni and the best organization in the nation. I grew up on a dairy farm in Denmark and graduated from Denmark High School. I was involved in the FFA in high school and my favorite memory was attending the National Convention. After high school, I graduated from UWGB and began teaching at the Denmark Elementary School. For the past 12 years I have been involved in our family business, Schultz Trucking Enterprises. We have 4 children: Courtney, Justin, Derek, and Connor. I look forward to supporting the FFA and Alumni as they continue to be a strong and successful organization in the Denmark community.
